DETAILED ACTION

Reasons for Allowance

1. The following is an examiner's statement of reasons for allowance: Regarding claims 1 and 13, the prior art does not teach or render obvious a printing system and method for use in a high velocity document processing system using lower velocity print technology, the system comprising a controller further controlling a roller group of less than all of the plurality of individually controllable rollers according to a profile, whereby under nominal conditions the roller group predetermined motion decelerates the print transport to a nominal print velocity prior to a printing operation in a first segment, maintains the nominal print velocity during the printing operation in a second segment, and accelerates the print transport back to the transport velocity after completion of the printing operation in a third segment.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
